## PRESIDENT'S MESSAGE

Welcome back all you fun seekers to another University League season! A certain September crispness, both of air and a well rested spirit should spark us forward with enthusiasm and new thoughts for the coming year. Hopefully it will be a year of new and creative ideas. Don't let your League service be dull or routine. Try new approaches to "old things." Communicate with Placement about feelings, attitudes and ideas about your volunteer service. University League membership should be rewarding personally as well as to the community. Don't hesitate to let your Board members know how you feel. We are a service Board, with emphasis on service (with a smile). We should all work toward a sense of pride and satisfaction in our membership.

The next three months will be our time for proposing new members. I urge you all to give this a great deal of thought, for our provisionals are the life blood of our organization.

Bottoms up to us all! May we cling together and have a happy, interesting year.

## SEPTEMBER PROGRAM

The membership was treated this month to special reports by Committee Chairmen explaining their plans and aspirations for the coming year. We all have a very interesting and productive year ahead. It is of note, however, that we need more volunteers to help with the retarded children, and we need readers, monitors and girls to do raised line drawings at the Recording for the Blind. Needed, too, are more volunteers for the Opportunity Shop.

### DONATION MADE

At its September meeting, the University League voted to donate \$500 to the Janie Porter Barrett Day Nursery with the recommendation that further investigation and study be given to it as a possible future project.

At present J.P.B. is in the process of repainting and repairing the school with volunteer help and is upgrading its educational equipment.

More about this next month.....
